PERSONAL PROFILE

Passionate React frontend developer, I have been practicing web development for over a year, I have acquired solid skills through my personal projects. Curious and motivated, I am ready to take on new challenges and invest myself fully within a dynamic team.

PROJECTS

Crypto App

[Github](#) [Demo](#)

Cryptocurrency tracking application featuring a responsive interface. It uses an API to display real-time prices, manages state with Context API, and includes pagination, interactive animations, and loading indicators.

Tech Stack: React, Axios, React Router, Bootswatch.

Shopping App

[Github](#) [Demo](#)

E-commerce application allowing users to view a list of products, check product details, and manage a shopping cart.

Tech Stack: React, Context API, Axios, React Router, React Icons, Bootswatch.

EXPERIENCE

TALL Stack Developer (Intern)

Startup (TechFly) — 3-Month Internship, 2025

Worked on real-world projects using **Laravel Livewire**, **Alpine.js**, and **Filament** for building dynamic dashboards and admin panels.

Collaborated on building reusable components and responsive UIs using **Tailwind CSS** and **Laravel Blade**.

Gained practical experience in full-stack development with the **TALL stack** in a production environment.

Front-End Developer

Startup (Kage Technologies) — september, 2025

Worked as a Front-End Developer using **React.js** and **Next.js** to build modern, scalable, and responsive user interfaces.

Developed reusable components, optimized performance, and collaborated with the backend team to integrate APIs.

Contributed to improving the user experience through clean UI design, state management, and best development practices.

SKILLS

Programming Languages: JavaScript, HTML5, CSS

Technologies & Frameworks: React.js, Next.js, Firebase, REST APIs, Git

Development Concepts: Object-Oriented Programming (OOP), Functional Programming, MVC, BEM, Agile Methodologies

Others: PHP, Laravel, Alpine.js, Filament, Livewire

Languages Spoken: English (Professional), French (Native), Arabic (Native)

EDUCATION

Web Development Training

2023 - 2024

Completed online training on platforms such as Udemy, Academind, and FreeCodeCamp.

Master's in Petrochemistry

2017 - 2019

Université des Sciences et de la Technologie d'Oran - Mohamed Boudiaf (USTO-MB)
